

TOWN OF PEMBROKE

Town Hall ~ 311 Pembroke Street, Pembroke, New Hampshire 03275 Tel: 603-485-4747

AUTOMATED TRASH and RECYCLING COLLECTION PROGRAM

The Town of Pembroke will roll out the new automated collection system for recycling and trash in Spring 2010. **Residents must purchase 2 carts** - one for recycling and one for trash. Buy your carts before January 31, 2010, and save \$8 per standard-sized cart. After February 1, 2010, the regular price will be in effect. Check the display of carts at Town Hall, the schools and the library.

A larger-sized cart is available for use at multi-family buildings or for large families; these oversized carts would reduce the number of carts needed for the building, while providing adequate space for tenants' recyclables and trash. Each cart body will be a granite grey color; the cover for the trash cart will be black, and the cover for the recycling carts will be green. Each cart will have a separate serial number, and which will be assigned to a particular address.
