6. Camping and fires, except by written permission.

CONSERVATION COMMISSION

The mission of the Pembroke Conservation Commission is to ensure the proper utilization and protection of the natural and watershed resources of the Town. Subject to the approval of the Board of Selectmen, the Commission may acquire title to, or easement on, land and water resources by donation or purchase. The Commission evaluates land and water resources, develops and recommends open space plans, manages conservation areas, and administers the Town Conservation Fund.
